Help Stop Hunger In Our Community

Many people do not realize the extent of hunger's reach in this country. Each month, close to 850,000 Canadians are assisted by food banks, and 36.4% of those helped are children and youth. The problem of hunger is a persistent one.

Who is turning to food banks? There is no single, typical profile. The people helped include:

- families with children,
- employed people whose wages are not sufficient to cover basic living essentials,
- individuals on social assistance, and
- Canadians living on a fixed income, including people with disabilities and seniors.

WHY THE ARTS MATTER

Many think of the arts and arts education as a luxury. But the truth is that we can't afford to live in a world without ART. The arts aren't just for artists.

Get the FACTS. Learn why the arts should matter to everyone.

- Students consistently engaged in the arts average almost 100 points higher on the SATs.
- Children engaged in arts programs are 4 times more likely to be recognized for academic achievement.
- Among at-risk youth, students with high arts participation are 5 times less likely to dropout of school.
- Childhood arts exposure is overwhelmingly correlated to success as an adult, regardless of field.
- The Arts improve academic achievement – enhancing test scores, attitudes, social skills, critical and creative thinking.
- Children who experience sustained involvement in the arts are more likely as adults to found companies, publish articles, and patent new inventions.
- Arts participation – in school or in the workplace – strengthens creativity, fuels innovation. Innovation is the key to the nation's global competitiveness.

SO, GET OUT YOUR BIKE! HELP US RAISE FUNDS TO SUPPORT ARTS IN OUR SCHOOLS.

Keeping our lakes clean is so important.

Water is one of the most mesmerizing things for children from an early age. One of the best parts about raising children in Canada is the abundance of majestic, clean lakes. We have over three million lakes in this country, our freshwater lakes account for almost 9% of Canada's area. Add to that over 200,000 km of ocean coastline and it's not surprising that most of the quintessential Canadian experiences involve water. Helps us raise funds to support education in our community that will help keep our lakes clean. Our education will team our community to avoid using lawn fertilizers and pesticides, properly manage their septic tank, choosing and maintaining boats that are less harmful, best fishing practices, camping without impact, and more. You can help. Join the Swim-A-Thon!
